# PATHWAYS TO YOUR BENEFITS 2003

---

Each day we confront challenges, make decisions, and choose particular pathways to follow. At work and in our personal lives, those pathways may be familiar or they could offer exciting new opportunities. At the County of Orange, whether you travel along new or familiar pathways, you have the chance to create a successful future. To help you create a successful future for you and your family, the County is proud to provide you with a competitive benefits program: Pathways to Your Benefits.

We know that your benefits are important to you and your whole family. We also know that you need tools and resources to help you take advantage of all your coverage has to offer. This enrollment guide is designed to help you take the first steps down the pathways to your benefits — understanding and choosing your benefits for the coming year. Inside you'll find details about your health care benefits, reimbursement accounts, and eligibility, as well as enrollment deadlines and where to go for additional information. Take some time to read through this guide carefully and share it with your family. Then you'll be ready to make the decisions that are right for you and your family.

## What's New for 2003?

### New Benefits Center and Paperless Enrollment

The County has a new Benefits Center, your centralized resource for enrollment and benefits information, and Open Enrollment goes paperless! This year you can click or call.

You can enroll for your 2003 benefits by clicking online or by calling on the phone. Simply access the Benefits Center Web Site at **[www2.benefitsweb.com/countyoforange.html](http://www2.benefitsweb.com/countyoforange.html)** or call the Benefits Resource Line toll-free at 866-325-2345 to speak with a Benefits Specialist. If you need assistance in another language, Benefits Specialists can connect you with a translation service at no cost to you. For TDD communication services for the hearing impaired, call toll-free at 800-TDD-TDD4 (833-8334). See Pathways to Enrollment: Enrolling Step-by-Step on page 5 for detailed instructions on the enrollment process.

### New Prescription Drug Administrator: Caremark

Effective January 1, 2003, Caremark will replace Express Scripts as the administrator for prescription drug benefits for the Preferred Choice and Wellwise PPO health plans. All of your prescription drug benefits will remain the same. The only difference is that you will now have access to Caremark's contracted retail pharmacies and mail service facilities, better discounts, and Caremark will handle all your inquiries regarding your prescriptions. You don't need to file claim forms and there is no paperwork involved when you use a Caremark Participating Pharmacy.

### New DCRA Administrator: FlexServ

In 2003, FlexServ will administer the Dependent Care Reimbursement Account (DCRA) program. How the program works will not change. However, you'll need to send your reimbursement claim forms to FlexServ. For more information on the reimbursement account, see page 20.

### Health Plan Premiums Increase for 2003

Health care costs are increasing everywhere for just about everyone. Surveys show U.S. health insurers demanding double digit increases for 2003. The County of Orange is not alone in dealing with the repercussions of this national trend. Those repercussions include higher premiums for all the County's health plans. Average premium increases for 2003 for the HMO and PPO plans will be 22%.

The good news is that the County continues to pay the entire cost of full-time employee-only health plan premiums and a large percentage of the cost of dependent health plan premiums. Information regarding the cost of the various health plan options will be available on your Benefits Enrollment Summary and online through the Benefits Center Web Site.

### Kaiser Copayments Increase

In 2003, the Kaiser HMO office visit copayment will increase to \$5 per visit. Also, the prescription drug copayment will increase to \$5 per prescription for up to a 100-day supply of all drugs. For details, see the Health Plans At-A-Glance comparison chart on pages 18-19.

## It's Time to Enroll

This year's Open Enrollment period will be from Friday, November 1 (starting at 7:30 a.m. Pacific Time) through Friday, November 29, 2002 (ending at 9:00 p.m. Pacific Time if you enroll online through the Benefits Center Web Site or 5:30 p.m. Pacific Time if you enroll by speaking with a Benefits Specialist on the Benefits Resource Line).

If at all possible, we encourage you to enroll before Friday, November 29 so that you're not up against the deadline or "waiting in line" to speak with a Benefits Specialist.

The benefits you elect during Open Enrollment will be effective January 1 through December 31, 2003.

Remember, all you have to do is click or call. Just log on to the Benefits Center Web Site or call the Benefits Resource Line and speak to a Benefits Specialist to enroll.

### If You've Got Questions, We've Got Answers

The Benefits Center Web Site and Benefits Resource Line go live on November 1, 2002. If you have questions about Open Enrollment, you can visit the Benefits Center Web Site or call the Benefits Resource Line and follow the instructions to speak with a Benefits Specialist. Benefits Specialists are available Monday through Friday, 7:30 a.m. to 5:30 p.m. Pacific Time, except for holidays. If you need assistance in another language, Benefits Specialists can connect you with a translation service at no cost to you. For TDD communication services for the hearing impaired, call toll-free at 800-TDD-TDD4 (833-8334).

## What to Do Now

- Read this Enrollment Guide carefully to understand how your benefits package works.
- Review the materials enclosed in your Open Enrollment package, including:
  - Benefits Enrollment Summary — This summary contains your Personal Identification Number (PIN), information about the benefits available to you in 2003, and your contributions. It also shows your automatic benefits coverage for 2003.
  - Open Enrollment Meeting Schedule — To help explain your Open Enrollment options, we have set up a series of meetings to review your benefit options. Find a date, time, and location that is convenient for you to attend. Your attendance is strongly recommended.
  - Wallet Card — This card includes important phone numbers and web sites and basic instructions on how to use the Benefits Center Web Site and Benefits Resource Line to enroll.
- Enroll for your benefits before the November 29, 2002 Open Enrollment deadline. New hires must enroll within 30 days of hire.

### If You're A Current Employee

If you want to keep the same coverage and dependents you currently cover, you do not need to enroll. However, you must enroll if you want to:

- Add or drop dependents from coverage
- Change your coverage
- Participate in the DCRA for 2003

Keep in mind that after the Open Enrollment period, you can't change your benefit elections during the year unless you have a life event. See Making Changes to Your Benefits on page 4 for more information.

## If You're A New Employee

If you're a new employee of the County you have the later of 30 days from your hire date or 30 days from the date on your enrollment package to enroll in your benefits through the Benefits Center for the first time. After this period, you won't be allowed to make changes to your benefit elections until the next Open Enrollment unless you have a life event during the year. For more information, see Making Changes to Your Benefits below.

**Important:** If you don't enroll in a County health plan within the 30-day enrollment period and you're a full-time employee, you'll be defaulted into the Wellwise health plan, with employee-only coverage. If you're a part-time employee, you'll be defaulted into the Sharewell health plan, with employee-only coverage.

## The Important Last Step on Your Pathways to Benefits

Whether you're a new employee enrolling for the first time or at the end of Open Enrollment, you'll receive a Benefits Confirmation Statement in the mail stating your benefits coverage for 2003. You can also print a statement if you enroll online. Be sure to review the statement to make sure it correctly reflects your benefit elections. If any of the information on your statement is incomplete or incorrect, call the Benefits Resource Line right away and speak with a Benefits Specialist.

**Important:** You'll have 10 days from the date of your statement to make any changes. If you don't receive a Benefits Confirmation Statement, please call the Benefits Resource Line and notify a Benefits Specialist.

### Making Changes to Your Benefits

You may change your benefits between Open Enrollment periods if you experience certain life events designated by the IRS. The list below defines some of the acceptable situations where a change is permitted:

- You marry, divorce, become legally separated or your marriage is annulled
- You gain a dependent through birth, adoption or placement for adoption
- Your dependent dies
- Your dependent no longer meets the eligibility requirements, i.e., over age
- You or your spouse has a change in employment status that results in gaining or losing eligibility for benefits coverage
- You or your dependent moves to a location where your current coverage is not available

Any change that you make in your coverage must be made within 30 days of the life event and must be consistent with that event. If your life event allows you to add or drop dependents, simply log onto the Benefits Center Web Site at [www2.benefitsweb.com/countyoforange.html](http://www2.benefitsweb.com/countyoforange.html) or call the Benefits Resource Line at 866-325-2345 and speak to a Benefits Specialist. Keep in mind that HMO contracts do not allow you to add newly eligible dependents after the 30-day period. Dependents added to a PPO plan outside of Open Enrollment are subject to the plan's pre-existing condition exclusion provision. In addition, if you're a new hire, you and your enrolled dependents are subject to the pre-existing condition exclusions of your health plan.

# PATHWAYS TO ENROLLMENT: ENROLLING STEP-BY-STEP

---

## New in 2003: You Can Click or Call

As you now know, Open Enrollment for 2003 will be a paperless process. This means that, beginning November 1, 2002, you can enroll through the new County of Orange Benefits Center in one of two ways:

- Click on the Web — You can enroll online at the Benefits Center Web Site at **[www2.benefitsweb.com/countyoforange.html](http://www2.benefitsweb.com/countyoforange.html)** any time during Open Enrollment.
- Call on the phone — You can call the toll-free Benefits Resource Line at 866-325-2345 and speak to a Benefits Specialist to enroll. Benefits Specialists are available Monday through Friday, from 7:30 a.m. to 5:30 p.m., Pacific Time, except for holidays.

Since you won't have to worry about filling out forms and mailing envelopes, enrolling will be quick and easy. You'll be embarking on your pathways to benefits in no time!

We realize that even though the Benefits Center is designed to make your life easier, this transition may be a bit uncomfortable. That's why we've included this section in your Benefits Enrollment Guide. It's your map to Open Enrollment.

## November Open Enrollment

This year, Open Enrollment will take place November 1 through 29, 2002. This will be your only opportunity to make changes to your benefits for 2003, unless you have a life event.

Remember, you can enroll online until 9:00 p.m. on November 29, 2002, but you can only enroll on the phone by speaking to a Benefits Specialist until 5:30 p.m. on November 29, 2002. Enroll early to avoid running out of time!

## Making Changes to Your Benefits Outside Open Enrollment

Generally, Open Enrollment is the only time during the year that you can make changes to your benefits unless you have a life event. Some life events include marriage, divorce, adoption, birth, and death. For more information about life events, see *Making Changes to Your Benefits* on page 4.

If you're a new employee of the County, you have the later of 30 days from your hire date or 30 days from the date on your enrollment package to enroll in your benefits through the Benefits Center for the first time. After this 30-day period, you won't be allowed to change your benefit elections until the next Open Enrollment period, unless you have a life event such as a marriage, divorce, birth, or death.

## Transition Period Between November 1, 2002 and December 31, 2002

If you have a life event between November 1, 2002 and December 31, 2002 and want to make changes to your benefits, you must make two calls within 30 days of your life event:

- For benefit changes you want to make for 2002 you need to call the County Employee Benefits Office at 714-834-6282 to notify the staff of your life event and obtain an enrollment card to change your benefits or dependent coverage for 2002.
- For benefit changes you want to make for 2003 you need to call the Benefits Resource Line and speak to a Benefits Specialist to change your benefits or dependent coverage for 2003.

Making these calls will ensure that you and your dependents maintain your benefit eligibility throughout the enrollment period.

**Important:** You have 30 days to report a life event. If you make a change in your health coverage through the County Employee Benefits Office due to a life event for 2002, these changes will not automatically carry over to your coverage for 2003. You will also need to change your benefit elections during Open Enrollment.

## Leave of Absence/Off Payroll

When you go off payroll and have no paid hours in a pay period, you'll be responsible for paying the full cost of the health insurance premium for that pay period and any subsequent pay periods in which you do not have any paid hours except if you are eligible for short-term disability (see page 29). You will owe the County's cost and the employee's cost of the bi-weekly premium if you want to continue your health insurance coverage while off payroll. You also have the option to discontinue your health insurance coverage while off payroll.

### The Federal Family and Medical Leave Act

If you've worked for the County for at least one year, have worked at least 1,250 hours in the 12 months preceding your leave, and the reason for the leave is one of those listed below, you may be eligible for up to 12 weeks of benefits under the Federal Family and Medical Leave Act (FMLA). During a FMLA leave the County will continue to pay its share of health insurance premiums.

In order to be eligible for Family Medical Leave, the leave must be due to:

- The birth or adoption of a child
- The serious health condition of your spouse, child or parent
- A serious health condition which makes you unable to perform the functions of your job

You will still owe the bi-weekly employee share of health insurance premiums, if any, for each pay period you are off payroll. Contact the Human Resources Specialist in your agency for specific requirements and more information.

If you terminate your health plan while off payroll, you may re-enroll in the health plan of your choice when you return to work by calling the Benefits Resource Line. Your health insurance will be effective on the first day of the month following the date you return to work. For the PPO health plans, the pre-existing condition clause and new deductibles will apply. If you terminate your coverage, do not return to work, and subsequently take active retirement, you cannot re-enroll in health insurance. This lapse in coverage will also make you ineligible for the monthly Retiree Medical Grant and COBRA.

You may choose to terminate coverage for your dependents while you are off payroll. Upon return to work you may enroll dependents only if approved by your health plan. Kaiser and CIGNA Private Practice do not allow enrollment of existing dependents except during the Open Enrollment period.

The 1% deduction for participation in the Retiree Medical Program will not be taken while off payroll and there will be no accumulation of service hours during this time because there are no paid hours.

## Who Should Enroll?

If you don't want to make changes to your benefits or dependent coverage, you do not need to enroll during Open Enrollment.

However, you **must enroll** if you want to:

- Make changes to your benefit elections for 2003
- Add or drop dependents from your coverage
- Participate in the Dependent Care Reimbursement Account (DCRA)

Keep in mind that you must enroll each year if you want to participate in the DCRA, **even if you don't want to change any of your other benefits.**

## When to Click or Call

The Benefits Center makes it easy to enroll and get information about your benefits. You can enroll online or by calling the Benefits Resource Line and speaking to a Benefits Specialist. You can also find information about your benefits on the Benefits Center Web Site or on the Benefits Resource Line without speaking to a Benefits Specialist. If you can't find the information you need on the automated system, you may speak to a Benefits Specialist.

Here's a summary of the types of information available and the kinds of changes you can make — online or by phone.

## What to Have with You When You Enroll

When you enroll either online or on the phone, you should have the following items handy:

- Your Social Security Number
- Your Benefits Enrollment Summary
- Your Personal Identification Number (PIN) (listed in the upper right corner of your Benefits Enrollment Summary)

If you're electing the CIGNA Private Practice Plan HMO, you must select a Primary Care Physician (PCP) for each covered person and enter that PCP's identification (ID) number when you enroll. You can find a list of PCP ID numbers by clicking on the "Connect Me" link on the "Welcome" screen and following the links to provider sites or by going directly to the CIGNA web site at **[www.cigna.com/general/misc/docdir.html](http://www.cigna.com/general/misc/docdir.html)**.

### Benefits Enrollment Summary

Your personalized Benefits Enrollment Summary is a valuable tool to help you make your choices at Open Enrollment. You'll find your Benefits Enrollment Summary in your enrollment package. This summary shows:

- Your PIN
- Your 2003 automatic benefits coverage
- The benefits you're eligible to enroll in for 2003
- Your cost for each benefit

Keep this summary with you as you enroll, since it includes important information about your benefits, as well as your PIN. Without your PIN, you won't be able to access the Benefits Center Web Site or Benefits Resource Line. Keep in mind that you can also access your Benefits Enrollment Summary on the Benefits Center Web Site.

### How You Can Change Your PIN

When you log on to the Benefits Center Web Site or call the Benefits Resource Line for the first time, you'll be prompted to change your PIN. You can also change your PIN any time you want. You have two ways to change your PIN:

- Online — Simply log on to the Benefits Center Web Site and click on the "PIN Change" link. Then, just follow the on-screen instructions to change your PIN.
- On the phone — Call the Benefits Resource Line and follow the instructions to change your PIN, where you'll be prompted to enter a new PIN.

### How to Read Your Benefits Enrollment Summary

Your personalized Benefits Enrollment Summary lists your name and address in the upper left corner and your PIN in the upper right corner. Below that, the first section of the summary shows all of the automatic benefits you're eligible to receive. Automatic benefits are those benefits you'll receive if you don't make any changes at Open Enrollment or as a new employee. Moving from left to right, the information on the summary includes:

- The name of the benefit
- Your automatic benefits coverage for 2003
- Your coverage level
- Your cost, both before-tax and after-tax, if applicable

In the next section, you'll find all the benefits for which you're eligible. Moving from left to right, the information on the summary includes:

- The benefit name and option number
- Your cost by type of coverage level

You should use this Benefits Enrollment Summary to plan for enrollment. Carefully review the benefits for which you're eligible before you enroll — to decide which benefits you'd like to elect for 2003. You can even highlight the benefits you plan to enroll in on your summary so that you can quickly and easily reference them as you enroll.

### How to Enroll on the Benefits Center Web Site

At the Benefits Center Web Site, you have information right at your fingertips. You can access the site from any computer with Internet access, at home or at work. Here are the first steps you need to take to get started down the pathways to your benefits online:

1. Simply type the Web Site address, **[www2.benefitsweb.com/countyoforange.html](http://www2.benefitsweb.com/countyoforange.html)**, into your browser and press "Enter".
2. You'll be prompted to enter your Social Security Number and Personal Identification Number (PIN) to access the "Welcome" screen. Your PIN is listed on the personalized Benefits Enrollment Summary enclosed in your enrollment package.
3. The first time you log on to the Web Site, you'll automatically be prompted to change your PIN. Just follow the instructions on the screen to change your PIN.
4. You'll then be sent to the "Welcome" screen. From the "Welcome" screen, just click on the appropriate link in the left navigation bar on your screen depending on what you'd like to do.

From the "Welcome" screen, you can click on the following links:

- How To Use This Site — This link provides information about how to use the Benefits Center Web Site.
- Open Enrollment — Click here to enroll in your benefits or change dependent information.
- Request Materials — You can request forms you need for certain programs offered by the County and check out plan details in the plan documents for the plans available to you.

- **Connect Me** — Access important plan provider contact information.
- **Plan Guidelines** — Find the answers to frequently asked questions about the Benefits Center.
- **PIN Change** — You can change your PIN any time you wish by clicking on this link.
- **Log Out** — To ensure your records are secure, log out when you're done.

### Steps to Enroll Online:

From the "Welcome" screen, click on the "Open Enrollment" link in the navigation bar on the left side of the screen. You'll see six options:

- **What's New for 2003** — This screen provides an overview of changes to your benefits for 2003.
- **Benefits Enrollment Guide** — Click here to view a copy of your Benefits Enrollment Guide online.
- **Steps to Enrolling Online** — You can find detailed information about the steps to take to enroll online.
- **Review Your 2003 Benefit Elections** — Click here to view the benefits you'll be enrolled in for 2003, as well as dependents covered by the benefits.
- **Change Your 2003 Benefit Elections** — Click here to enroll or make changes to your benefit elections and dependent coverage.
- **Health Plan Comparison Tool** — Use this tool to compare features, benefits and costs of health plans that you're thinking about enrolling in.

If you choose to change your 2003 benefit elections, you'll be able to change only those benefits for which you're eligible. Follow the instructions on the screen to change your benefits, add or drop dependents, and enroll in the DCRA.

If you would like to make contributions in 2003 to the DCRA, you must make an election, even if you contributed in 2002 and would like to have the same dollar amount in 2003.

Once you've made your elections, you'll be prompted to save your changes by clicking "Save All Changes" at the bottom of your screen. You'll also have the option to cancel changes. If you're satisfied with the changes you've made, click "Save All Changes."

Once you save your changes, the site will generate your Benefits Confirmation Statement on screen, which lists your benefit elections for 2003. You can print a copy of this statement for your records if you like. You'll also receive a Benefits Confirmation Statement in the mail after you enroll. For more information on this statement, see Your Benefits Confirmation Statement on page 10.

### Online Tools to Help You

In addition to your Benefits Enrollment Summary, the Benefits Center Web Site offers tools to help you make the best choices for you and your family. From the Open Enrollment screen, you can access:

- **A health plan comparison tool** — During Open Enrollment or after you have reported a life event, you can select multiple County health plans and make a side-by-side comparison of the benefits and levels of coverage they offer. Just click on the health plans you want to compare and select the benefit features that you want to compare. This information will automatically appear on your screen in a side-by-side comparison chart.
- **A life events modeling tool** — This tool, available online starting January 1, 2003, can help you plan for the future. You'll be able to type in different scenarios and find out how each scenario would affect you financially. For example, you can determine how much your health plan cost will be if you add a dependent to your health plan.

## How to Enroll on the Benefits Resource Line

When you call the Benefits Resource Line, you can:

- Enroll or ask questions by speaking to a Benefits Specialist
- Review your elections, change your PIN, and request forms through the automated system

Here are the steps to get you started:

1. Dial the toll-free Benefits Resource Line phone number, 866-325-2345.
2. You'll be prompted to enter your Social Security Number and PIN to get to the Benefits Selection Menu. If this is your first time calling the Benefits Resource Line, you'll be prompted to change your PIN.
3. From the Benefits Selection Menu, you'll hear a list of options. Just select the option that you want and press the corresponding number on your phone's keypad.

From the Benefits Selection Menu, you can select:

- \*\*0 Speak to a Benefits Specialist — Enroll or ask questions by speaking with a Benefits Specialist live by pressing \*\*0.
- 1 Review Benefit Elections — Check out details of the plans available to you by pressing 1.
- 3 Request a Form — You can request forms you need for certain County programs by pressing 3.
- 4 Contact Insurance Companies — Access important insurance company contact information by pressing 4.
- 5 PIN Change — You can change your PIN any time you like by pressing 5.
- Exit the System — To exit the system, follow the instructions to end your session.

To enroll or change dependents, you need to talk to a Benefits Specialist. Simply select the "Speak to a Benefits Specialist" option and he or she will enroll you in your benefits.

## Your Benefits Confirmation Statement

After you enroll, you'll receive a Benefits Confirmation Statement in the mail. Review this statement carefully to make sure all of your benefits are correct. If you find a mistake or if you don't receive a statement, call the Benefits Resource Line right away and speak to a Benefits Specialist. You'll have 10 days from the date of your statement to make any necessary changes to your benefits coverage.

# HOW THE PATHWAYS TO BENEFITS PROGRAM WORKS

---

The County provides benefits to help you take care of and protect yourself and your family. The benefits you're eligible to enroll in depend on your job classification.

## Who is Eligible?

You're eligible for health care coverage if you're a:

- Full-time employee working 40 hours a week
- Part-time employee working at least 20 hours a week

Your eligible dependents for health care coverage include your:

- Legal spouse
- Unmarried children under age 19 or under age 23 if full-time students, including step-children, foster children, children placed for adoption, and legally adopted children. Dependent children who are full-time students (12 units or more) must attend an accredited school, college or university and must be dependent on you for financial support to continue to be covered.
- Unmarried incapacitated children of any age if they depend on you for financial support and are incapacitated prior to age 19

Proof of adoption or legal guardianship may be requested at any time. Dependents over age 19 may be required to provide proof of full-time student status to the County's insurance companies and administrators at any time. Employees are required to notify the Benefits Center within 30 days when a dependent no longer meets eligibility requirements.

### **Employee Married to Employee (EME) Program**

The Employee Married to Employee (EME) Program can save you money if you and your legally married spouse are enrolled in the same health plan. Under the program, both employees must work full-time, one spouse enrolls as the subscriber, and the other spouse (along with any eligible children) enrolls as the dependent(s) in the same health plan. If you're enrolled in the EME Program, the County pays 100% of your and your dependent's health care premiums.

### **EME Participants Must Enroll on the Benefits Resource Line**

If you're a County Employee Married to an Employee (EME), you won't be able to enroll in your health plan online. You must call the Benefits Resource Line and speak to a Benefits Specialist to enroll.

If you're participating in the EME program for the first time, you'll also need to fill out the EME Enrollment form, available on the Benefits Center Web Site. Just click on the "Request Materials" link from the "Welcome" screen or call the Benefits Resource Line to request a copy. You'll need to return your form to the Benefits Center by the Open Enrollment deadline, or if you're a new employee, within the 30-day enrollment period.

### **If You Have a Life Event that Changes Your EME Status**

If you have a life event (e.g., divorce, change from full-time to part-time status, etc.) that changes your status as an EME, you'll need to report your new status within 30 days of the event by calling the Benefits Resource Line and speaking to a Benefits Specialist.

## **Health Plan Options**

To give you choice and flexibility, the County provides a variety of health plan options. You can elect coverage from a:

- Health Maintenance Organization (HMO) or
- Preferred Provider Organization (PPO)

## **Cost of Coverage**

Despite significant increases in health care costs for 2003, the County will continue to pay for the entire cost of employee health care benefits and a large percentage of the cost of dependent health care benefits. For part-time employees, the County pays 50% of the cost for employee-only health plan premiums and a portion of the cost of dependent health plan premiums. Information regarding the cost of the various health plan options will be available online through the Benefits Center Web Site and on your Benefits Enrollment Summary.

## **How the HMO Plans Work**

HMO plans provide a comprehensive array of services, including preventive care, at a minimal cost but you must use only providers in the HMO plan network. A network includes doctors, hospitals, and other health care providers and facilities that have contracted with the HMO to provide care at lower fixed rates and/or discounted rates. HMOs do not generally pay benefits for care received outside the HMO network, except in life/limb threatening emergency situations.

Some important features of HMO plans include:

- No deductibles
- Minimal copayments for certain services (e.g., a doctor's office visit)
- No charge for approved hospital stays
- No claim forms
- Covered preventive services such as annual physicals, well-baby and well-woman care and immunizations

## Your HMO Options

You can choose from one of two HMO plans offered by the County:

- The CIGNA Private Practice Plan HMO (CIGNA HealthCare of Southern California and San Diego)
- Kaiser Permanente HMO

### CIGNA Private Practice Plan HMO

Here's an overview of how the CIGNA Private Practice Plan HMO works:

- You select a Primary Care Physician (PCP) from the CIGNA network to provide and/or coordinate all your care, including diagnostic tests, referrals to specialists and hospitalizations. With the exception of emergency treatment and self-referrals to OB/GYNs within the same medical group for well woman exams, your PCP must authorize, provide, and/or arrange any special care you may need, such as surgery or referral to a specialist, in order for you to receive benefits.
- When you need care, you contact your PCP's office. At your appointment, present your ID card and pay a small copayment.
- You have easy access to specialists, often with same-day referrals, through the CIGNA Access Advantage Program.
- Female members may schedule their annual well woman exams while covered under the plan without obtaining a PCP referral.
- When medication is prescribed, you must fill the prescription at a CIGNA contracted retail pharmacy. You pay a small copayment per prescription for up to a 30-day supply. For a list of CIGNA pharmacies, log on to the CIGNA web site or call CIGNA Member Services.
- For maintenance type prescription drugs, you may also order up to a 90-day supply of your medication through CIGNA's mail order program. You can call CIGNA's toll free number, 800-TEL-DRUG or 800-835-3784, or place your order online through CIGNA's web site, **[www.teldrug.com](http://www.teldrug.com)**
- In an emergency, seek care at the nearest hospital and call or have your doctor or family call your PCP or CIGNA Member Services within 48 hours to receive benefits.
- If you need vision care, call Vision Service Plan (VSP) at 800-877-7195.
- CIGNA covers chiropractic care. See page 14 for details.

#### How to Locate a CIGNA PCP

The Provider Directory for CIGNA, which lists PCPs, is available by visiting the Benefits Center Web Site, clicking on "Connect Me" on the navigation bar, and selecting "CIGNA Private Practice Plan". You can also log onto the CIGNA web site at **[www.cigna.com/general/misc/docdir.html](http://www.cigna.com/general/misc/docdir.html)** or call CIGNA Member Services at 800-244-6224. If you're electing the CIGNA Private Practice Plan HMO for the first time or adding a dependent, you'll need to enter this PCP information when you enroll.

## Kaiser HMO

Here's an overview of how the Kaiser HMO works:

- Health services must be provided by Kaiser physicians and hospitals. You do not need to select a Primary Care Physician (PCP) to coordinate your care. Provider directories are available on the Benefits Center Web Site, the Employee Benefits web site, or Kaiser's web site at [www.kaiserpermanente.org](http://www.kaiserpermanente.org).
- When you need care, you contact the Kaiser appointment center in your area. At your appointment, present your ID card and pay a small copayment.
- You can also go directly to Kaiser specialists who provide OB/GYN, dermatology, optometry, or mental health services.
- You have access to "KP Online" at [www.kponline.org](http://www.kponline.org) — a web site that offers health information and allows you to schedule appointments on the Internet. You can also get this information via Kaiser's toll-free phone number.
- When medication is prescribed, you must fill the prescription at a Kaiser pharmacy. You pay a small copayment per prescription for up to a 100-day supply. Dental prescriptions are included in your coverage.
- In an emergency, seek care at the nearest hospital and call or have your doctor or family call Kaiser within 24 hours to receive benefits.
- Kaiser covers chiropractic care. See below for details.

For more details on the HMO plan options, see the Health Plans At-A-Glance comparison chart on pages 18-19.

### Chiropractic Care

Under the CIGNA and Kaiser HMOs, you have direct access to a network of more than 2,400 chiropractors throughout California through American Specialty Health Plans (ASHP). You simply contact an ASHP chiropractor, make an appointment, and pay your copayment at each visit. For a directory of participating chiropractors, visit the Benefits Center Web Site and click on "Connect Me" on the navigation bar and select "American Specialty Health Plans" or visit the ASHP web site at **[www.americanspecialtyhp.com](http://www.americanspecialtyhp.com)** or call ASHP Customer Service at 800-678-9133, Monday through Friday, 5 a.m. to 8 p.m., or Saturday from 6 a.m. to 3 p.m. Pacific Time.

## How the PPO Plans Work

Preferred Provider Organizations (PPOs) give you the freedom to choose any doctor, whether or not he or she is a member of the PPO network, every time you need care. You do not need to select a PCP to coordinate your care and you can see a specialist any time you wish.

**Important:** There is a pre-existing condition clause for all the PPO health plans if you enroll in any of the PPO plans outside of the Open Enrollment period. See the specific PPO Plan document located on the Benefits Center Web Site at "Request Materials" on the navigation bar.

| When You See an In-Network Provider, You...                             | When You See an Out-of-Network Provider, You...  |
|---|--|
| Pay an annual deductible before the plan pays benefits                  | Pay an annual deductible before the plan pays benefits   |
| Receive a higher level of benefits                                      | Receive a lower level of benefits  |
| Pay a percentage of a discounted rate for services                      | Must pay a percentage of the usual, reasonable and customary (URC)* charges plus any amounts above URC charges |
| Have less paperwork (Providers process the paperwork and submit claims) | Pay up front, file a claim form, and wait for reimbursement in some instances                                  |

\*Usual, Reasonable and Customary (URC) charges are the usual charges to provide a health service in your geographic area as determined by the plan. When providers join the PPO network, they agree to charge lower fees that are less than URC limits.

## Your PPO Options

You have three PPOs to choose from:

- Preferred Choice PPO
- Wellwise PPO
- Sharewell PPO

Here's an overview of how these plans work:

- Each time you need care, you can choose an in-network (PPO) or out-of-network (non-PPO) health care provider. Community Care Network (CCN) is the preferred provider network. Provider directories are available on the Benefits Center Web Site, go to "Connect Me" and click on the CCN web address or you can call Delta Health Systems at 888-881-9295 to obtain a directory. Although the PPO plans share the same provider network, they have different deductibles and coinsurance amounts. Please see the Health Plans At-A-Glance comparison chart on pages 18-19 for details.
- When you see a PPO provider, you simply present your ID card at your appointment. Your provider files the paperwork for your claim and you receive a bill in the mail for your deductible and/or coinsurance amount, usually 10% of the cost for most covered services.
- When you see a non-PPO provider, you generally pay 20% of the cost for most covered services and, in some instances, may have to pay up front.
- All three PPO plans pay 100% of eligible health care expenses that are in excess of \$10,000 per calendar year per participant.
- If you're scheduled for hospital admission or surgery, you must contact the plan administrator, Delta Health Systems, to obtain precertification for the hospital stay before admittance in order to receive the higher benefits.
- In an emergency, seek care at the nearest hospital and call or have your doctor or family call Delta Health Systems within 24 hours to receive the higher level of benefits.

### Community Care Network (CCN)

Each of the County PPO plans uses the Community Care Network (CCN) as its Preferred Provider Organization. CCN includes more than 2,000 hospitals and 100,000 physicians across the country. You can use an online provider directory to find out which hospitals and doctors are in the network by logging onto the Benefits Center Web Site, go to "Connect Me" and click on the CCN web address or you can call Delta Health Systems at 888-881-9295 to obtain a directory.

### Prescription Drug Benefits – Preferred Choice & Wellwise PPOs

If you enroll in the Preferred Choice or Wellwise PPOs, Caremark will administer your prescription drug coverage. Caremark offers discount prices on name brand and generic drugs with no annual deductible and no claim forms. Caremark also has a large network of more than 2,940 participating pharmacies in Southern California and 55,000 across the country, including most major pharmacies like Rite-Aid, Savon, and Costco and offers state-of-the-art mail service (mail order) facilities.

You may fill your prescriptions through Caremark's participating retail pharmacies or through their mail service program. When you purchase prescription drugs from a Caremark retail pharmacy, you simply present your health plan ID card to the pharmacist.

For mail service prescription drugs, if you have a new "maintenance" medication prescription, you may simply fill out a Caremark Mail Service Order Form, attach your original prescription, and send it to Caremark. A pre-addressed Caremark Mail Service Order Form will be available in your Caremark Prescription Welcome Booklet. Caremark forms are available on the Benefits Center Web Site and the address is on the form. You should have your physician write two prescriptions: one for up to a 90-day supply plus refills, to be ordered through Caremark's Mail Service Program, the other to be filled immediately at a Caremark participating pharmacy until you receive your prescription from the Mail Service Program. For refills, you can order online through Caremark's web site, by phone or by mail. Be sure to order three weeks in advance of your current prescription running out.

You may fill your prescriptions at non-Caremark retail pharmacies. However, if you do, the health plan deductible applies and you pay the full price of the prescription up front, file a claim with Delta Health Systems, and wait for reimbursement.

Here's an overview of Caremark prescription drug coverage:

| <b>Preferred Choice &amp; Wellwise Prescription Drug Benefits</b> |                              |
|---|------------------------------|
| <b>Retail Pharmacy (up to a 30-day supply)</b>                    | Caremark Pharmacy Network    |
| Generic drugs   | You pay 20%; plan pays 80%   |
| Name brand drugs  | You pay 20%; plan pays 80%   |
| <b>Mail-order Pharmacy (up to a 90-day supply)</b>                | Caremark Mail-order Pharmacy |
| Generic drugs   | You pay 20%; plan pays 80%   |
| Name brand drugs  | You pay 20%; plan pays 80%   |

You always save money by ordering generic drugs (if available) instead of name brand drugs. Although you pay the same coinsurance of 20% for generic and name brand drugs, you'll pay less money for generic drugs since they cost less. You may also save additional money for maintenance type drugs if you order through Caremark's Mail Service Program and you can order your refills conveniently without going to a pharmacy.

### **Prescription Drug Benefits – Sharewell PPO**

If you enroll in the Sharewell PPO Plan, Delta Health Systems administers your prescription drug coverage. You can fill your prescriptions at any retail pharmacy. You pay the cost of the prescription up front, and then send a claim with attached receipts to Delta Health Systems and wait for reimbursement. You must satisfy the annual deductible before the plan pays 80% of the cost of covered prescription drugs.

### **Things to Consider If Selecting a PPO Plan**

Although the County's PPO plans work in a very similar manner, there are some differences in benefits, such as different deductibles, coinsurance (the percentage of the cost you pay for services), lifetime maximums, and prescription drug coverage. Here are a few examples:

- The Preferred Choice PPO generally offers the highest benefits and as a result, may cost more in terms of your dependent health care contribution.
- The Wellwise PPO offers wellness incentives – up to a \$200, \$400, or \$500 taxable rebate, depending on the level of coverage you elect, if you don't file any claims or fill prescriptions during the year, as well as a \$50 year-end taxable cash award for non-smokers.
- The Sharewell PPO has a \$5,000 deductible and is designed for employees who have coverage under a non-County plan and want to supplement their family's coverage. You do not pay any premiums for this plan and you'll receive a bi-weekly credit for enrolling under this plan. Part-time employees pay a premium for dependent coverage. Information regarding bi-weekly credit/deduction amounts for this plan is available on your Benefits Enrollment Summary or from the Benefits Center Web Site.

That's why it's important to review the Health Plans At-A-Glance comparison chart on pages 18-19 for more details if you're thinking about electing a PPO plan.

## Health Plan Decision Guidelines

Here are some things to think about as you decide which health plan is right for you:

- Are the family doctors and specialists your family prefers part of the network? If not, are you willing to change doctors?
- If provider location is important to you, check to see if the network facilities are close to your home, your workplace or your child's school.
- How much do you and your family typically spend on health care each year? How much are you willing to pay out-of-pocket for health care expenses? Remember that the PPO plan pays a higher percentage of expenses when you use network providers. HMOs require flat copayments for most services, with no deductible, but you must use only HMO providers to have your expenses covered.
- What do you value more — having the lowest possible out-of-pocket costs (HMO options) or the flexibility to see any provider you wish (PPO options)?
- Are you or your children eligible for coverage under your spouse's employer's plan? You may want to enroll in the Sharewell Plan.

## Health Plan Identification Cards and Claim Forms

You'll receive a new identification (ID) card from your health plan if you enroll in the plan for the first time, change the number of your dependents, or change your CIGNA Private Practice Primary Care Physician (PCP). If you already have an ID card from your health plan and do not change your coverage, the plan may not send you a new ID card.

If you need a replacement card or the information on the card you receive is incorrect, contact your health plan's Member Services Department directly.

If you're required to submit a claim to receive plan benefits, claim forms are available directly from the Benefits Center Web Site or by calling the Benefits Resource Line.

## If You Have a Life Event Between November 1 and December 31, 2002

If you have a life event between November 1, 2002 and December 31, 2002 and want to make changes to your benefits, you must make two calls within 30 days of your life event:

- For benefit changes you want to make for 2002 you need to call the County Employee Benefits Office at 714-834-6282 to notify staff of your life event and obtain an enrollment card to change your benefits or dependent coverage for 2002.
- For benefit changes you want to make for 2003 you need to call the Benefits Resource Line and speak to a Benefits Specialist to change your benefits or dependent coverage for 2003.

Making these calls will ensure that you and your dependents maintain your benefit eligibility throughout the enrollment period.

**Important:** You have 30 days to report a life event. If you make a change in your health coverage through the County Employee Benefits Office due to a life event for 2002, these changes will not automatically carry over to your coverage for 2003. You will also need to change your benefit elections during Open Enrollment.

## Health Plans At-A-Glance

The following chart provides an overview of your health plan options through the County of Orange. *This comparison is intended to give a general description and overview of available plans. See individual plan material for detailed information.*

| BENEFIT   | County of Orange Preferred Provider Organization (PPO) Plans* |                  |  |                  |                               |                  | Health Maintenance Organizations (HMOs)**   |  |
|---|---|------------------|--|------------------|-------------------------------|------------------|---|--|
|   | Preferred Choice  |                  | Wellwise                                 |                  | Sharewell                     |                  | CIGNA Private Practice  | Kaiser   |
|   | You or Your Dependent(s) Pay:                                 |                  | You or Your Dependent(s) Pay:            |                  | You or Your Dependent(s) Pay: |                  | You or Your Dependent(s) Pay:   | You or Your Dependent(s) Pay:  |

**\*PPO Plans:** Designed to provide freedom to select physicians, specialists, hospitals and other service providers of your personal choice. The PPO plans pay 100% of eligible health care expenses that are in excess of \$10,000 per individual per calendar year.

**PPO Provider:** Delta Health Systems contracts with the Community Care Network (CCN), which is a Preferred Provider Organization (PPO). The PPO contracts with physicians, laboratories and hospitals in the community. As part of this network these "preferred providers" have agreed to provide services at rates which are lower than their regular charges. This helps reduce the cost of health care for you, your dependent(s) and the County. You or your dependent(s) pay a lower copayment percentage for PPO network providers. Using a PPO network provider is voluntary. You or your dependent(s) decide whether to use a PPO network provider for health care.

**Non-PPO Provider:** When you or your dependent choose a health care provider who does not participate in the CCN Provider Network, you or your dependent pays a higher copayment percentage for non-PPO network providers.

**\*\*HMO Plans:** Designed to provide quality comprehensive medical services, routine and preventive care while controlling costs by using either its own doctors or health care centers or by providing services through contractual arrangements with community health care providers.

# DEPENDENT CARE REIMBURSEMENT ACCOUNT

---

The Dependent Care Reimbursement Account (DCRA) allows you to set aside before-tax dollars from each paycheck to help pay for unreimbursed eligible dependent care expenses for you and your family. In most cases, you never pay taxes on this money.

You're eligible to participate in the DCRA if you pay for day care so you can work. If you're married, your spouse must also be working, looking for work, a full-time student, or physically or mentally disabled.

## How Much You Can Contribute

Each year, you may contribute \$26 to \$5,000 to your DCRA. If you're married, you may not be able to set aside the full \$5,000 because of these IRS rules:

- The amount you set aside can't be more than your annual income or your spouse's annual income, whichever is less
- If you and your spouse file separate tax returns, the most you may set aside every year is \$2,500 each
- If your spouse is incapable of self-care or is a full-time student at least five months during the year, the IRS assumes that your spouse's monthly income is no less than \$250 if you have one eligible dependent and \$500 if you have two or more eligible dependents
- If your spouse also participates in an employer-sponsored DCRA, the total amount you and your spouse may set aside for both of your DCRA accounts can't be more than \$5,000 combined

## Eligible Dependents

You can use your DCRA to pay for day care for:

- Your dependent children under age 13
- Your spouse, parent or other dependent age 13 or older incapable of self-care (if care is provided outside the home, the dependent must spend at least eight hours each day in your home)

## Eligible DCRA Expenses

Eligible dependent care expenses include:

- Care at a qualified day care center that meets local laws, gives care for more than six people, and receives payment for their services
- Nursery school expenses
- Part of payment to a private school or other provider that is for before- or after-school care
- Care at a day camp, or the portion of overnight camp expenses that is for day care
- Day care providers who are paid for services when they provide day care while you work and are not your spouse, your child under 19, or someone else you claim as a dependent
- Social Security and unemployment taxes you pay the provider

For a detailed list of eligible and ineligible expenses, call the IRS at 800-829-3676 and ask for Publication 503, or visit the IRS web site at [www.irs.gov](http://www.irs.gov).

## How the DCRA Works

- When you enroll, you elect how much you want to set aside in your DCRA account.
- Your before-tax contributions are automatically deducted from your paycheck each pay period. As a result, you have a lower income and you pay less in income taxes.
- When you have an eligible expense, you pay the expense and then submit a claim form to FlexServ, the County's DCRA administrator, to reimburse yourself from your account with tax-free dollars.
- You may file claims for reimbursement account expenses incurred from January 1 through December 31, 2003. You have until March 31, 2004 to file claims for expenses incurred during 2003.
- You're reimbursed from your account for up to the total amount in your account at the time you file a claim. If your claim amount is for more than you have in your account, you'll be reimbursed for the amount in your account. You may resubmit the unreimbursed portion later.

**Important:** You should continue to submit any DCRA claims incurred in 2002 to Delta Health Systems. Those claims can be submitted until the filing deadline of March 31, 2003.

## Important IRS Information about DCRA

### The "Use It or Lose It" Rule

Due to the special tax advantages of this reimbursement account, the IRS requires that you "use it or lose it"—you forfeit any amount left in your account at the end of each plan year after the claims filing deadline. So be sure to estimate your reimbursement account expenses carefully before you decide how much you'll contribute.

### DCRA vs. the Dependent Care Tax Credit

The DCRA allows you to pay for dependent care expenses and save money by using before-tax paycheck deductions to fund your account. Another way to save taxes on dependent care expenses is by using the dependent care tax credit on your federal income tax return. The amount of the federal tax credit varies depending on your income and the number of children you have. Keep in mind that you can't use both the DCRA and the dependent care tax credit. So you may want to consult a tax advisor to determine whether DCRA participation or using the credit provides greater tax savings for you.

## How to File DCRA Reimbursement Claims

You can obtain reimbursement claim forms:

- On the Web — by printing a claim form or requesting that a form be mailed to you via the Benefits Center Web Site at **[www2.benefitsweb.com/countyoforange.html](http://www2.benefitsweb.com/countyoforange.html)**
- On the phone — by calling the Benefits Resource Line at 866-325-2345 and requesting a claim form

You'll need to complete and sign your claim form, attach the receipts and proof of payment, and mail them to FlexServ. The address is on the form.

### Things to Consider before Enrolling in DCRA

Before participating in the DCRA, you need to carefully estimate the expenses you're likely to incur and consider whether those expenses are eligible. To help you plan, consider these questions:

- What were my out-of-pocket costs for dependent care this year?
- What do I expect my out-of-pocket dependent care expenses to be next year?
- Am I expecting a baby who will need care while I'm working next year? If so, estimate your cost for day care and consider whether DCRA or the dependent care tax credit makes the most sense for you.
- Does my spouse have a DCRA available through his or her employer? If so, how do we want to coordinate our accounts?
- Do I have other eligible dependents for whom I want to use the DCRA?

## Determining Your DCRA Contributions

You can use this form to help estimate the expenses you incur for dependent care next year. Simply fill in the amounts you think you'll spend on dependent care for your children and other dependents. You may want to review last year's bills and checkbook register as you calculate your projected expenses. Remember to estimate conservatively — the IRS requires that you forfeit any amounts left over in your accounts at the end of the year if you don't request reimbursement by March 31, 2004 for expenses incurred in 2003.

| DCRA Expense Estimates for 2003                   |               |                  |       |
|---|---------------|------------------|-------|
|   | Your Children | Other Dependents | Total |
| Preschool   |               |                  |       |
| After school care                                 |               |                  |       |
| Day care for eligible children or disabled adults |               |                  |       |
| Other eligible expenses                           |               |                  |       |
| <b>Your total estimated expenses</b>              |               |                  |       |

*Based on your total expenses, choose the amount (up to \$5,000 a year) you want deducted from your paycheck and deposited in your DCRA.*

## EMPLOYEE ASSISTANCE PROGRAM

The County offers an Employee Assistance Program (EAP), a counseling and referral phone service that addresses personal problems you or your family members may have. The counselors can help you identify and discuss your personal problems and develop a plan of action to help resolve them. The EAP's role is to provide initial assessment, referrals and short-term therapy. For longer-term care, the EAP can direct you to an appropriate provider. To contact the EAP, call 800-221-0945.

## PREMIUM ONLY PLAN

The following deductions are taken before-tax, which means you pay less in income taxes and have more take-home pay:

- Dependent health care premiums
- Part-time health care premiums
- The 1% Retiree Medical Contribution Plan contributions

The before-tax deduction is called the Premium Only Plan (POP). Wondering if your current deductions are before-tax? Check your pay stub. If you have the "Health — POP" or "Health-1POP" deduction code, you're enrolled. The "Health NOPOP" or "HEALTH-1" codes mean you're not enrolled.

If you do not want the tax advantage of before-tax deductions, you'll need to call the Benefits Resource Line to elect after-tax deductions.

# RETIREE MEDICAL INFORMATION

---

The County offers several benefits to help you prepare for retirement. This section provides details about these benefits.

## **1% Retiree Medical Contribution Plan, Retiree Medical Grant and Cash Lump Sum Benefit**

As an active employee, you automatically contribute 1% of your bi-weekly gross salary on a before-tax basis to help pay for the cost of your and your dependents' health insurance coverage when you retire from the County.

### **Retiree Medical Grant**

When you retire, you may receive a Retiree Medical Grant to use towards the cost of your County health plan and/or Medicare premiums. To be eligible to receive your grant, you must:

- Have a minimum of 10 years of continuous County service, if you have a normal retirement. However, if you've been granted a service connected disability, there is no minimum service requirement. If you've been granted a non-service connected disability, you must have a minimum of five years of service.
- Be at least 50 years old at your date of separation
- Receive a monthly retirement allowance from the County of Orange Employees Retirement System
- Be enrolled in a County health plan at the time of retirement

### **Retiree Medical 1% Cash Lump Sum Benefit**

If you terminate your employment with the County and you're not eligible to receive a Retiree Medical Grant at the time of employment termination, you're eligible to receive a Cash Lump Sum benefit. This benefit is equal to 1% of your final hourly salary, averaged over your last three years of service, times your total number of eligible service hours.

## **Survivor Benefits**

If you're a survivor of a deceased employee or retiree, you may be eligible for coverage under the County retiree health plan and eligible for a Survivor Retiree Medical Grant.

### **Survivor Health Care Coverage**

To be eligible for survivor health care coverage, you must:

- Be covered under the employee's/retiree's health plan at the time of his/her death
- Receive a monthly retirement allowance from the Orange County Employees Retirement System. (Exceptions to this rule include dependent children who are under age 19, or under age 23 if full-time students, who aged out of receiving a monthly retirement allowance from OCERS but are still eligible under the plans, incapacitated children and surviving spouses who aren't eligible for receiving a monthly retirement allowance but are eligible for health care coverage.)

### **Survivor Retiree Medical Grant Benefits**

If you're a survivor of a Retiree Medical Grant eligible County employee/retiree who is deceased, you may be eligible for a survivor medical grant amount. To be eligible, you must:

- Receive a monthly retirement allowance from the Orange County Employees Retirement System (OCERS) and
- Be covered under the employee's/retiree's health plan at the time of his/her death

If you're eligible, you'll receive 50% of the Retiree Medical Grant that would have been available to the employee/retiree to use towards the cost of retiree medical care.

# IMPORTANT LEGAL INFORMATION

---

## **Continuing Your Coverage Under COBRA**

The federal Consolidated Omnibus Budget Reconciliation Act (COBRA) law gives you the right to choose continuation of health care coverage if you and/or your eligible dependents lose County coverage. You may continue health care coverage for up to 18, 29, or 36 months, depending on the situation and who is being covered. You would receive a separate COBRA notification within a couple of weeks of the loss of coverage explaining these rights.

If you think your or your dependents' health care coverage will end because an event occurred causing ineligibility under the plan, there are certain things you must do to continue coverage under COBRA. In some cases, you must notify the County of the event. If COBRA is an option for you, you must make an election and pay for coverage within certain time frames.

If you terminate employment, become ineligible for benefits because the number of hours you work is reduced, you retire, or die, the County will notify you and your dependents of your right to continue health care coverage under COBRA. This notification will explain how COBRA works in detail.

If you divorce, legally separate or your child loses dependent status under a group health plan, you or your covered dependents are responsible for notifying the County within 60 days from the date of these events. The County will then notify your dependents of their right to continue health care coverage under COBRA. This notification will explain how COBRA works in detail. COBRA rights will be forfeited if the County is not notified within 60 days of the qualifying event.

For more information, call 800-877-7994.

## **Health Insurance Portability and Accountability Act (HIPAA)**

The federal Health Insurance Portability and Accountability Act (HIPAA) imposes certain requirements on group health plans. Under HIPAA, a group health plan:

- Is limited in imposing pre-existing conditions
- Must offer employees and dependents the opportunity to enroll in the plan outside of Open Enrollment in certain situations
- Can't discriminate on the basis of health status with respect to eligibility for plan participation and premium costs
- Can't impose discriminatory lifetime or annual benefit limitations for participants with mental illness
- Must permit hospital admissions (if otherwise covered by the plan) of at least 48 hours in case of normal deliveries and 96 hours in the case of Cesarean Sections

Under HIPAA, the employer of a self-funded non-federal governmental plan, such as the County's PPO plans, has the option to exempt the PPO plans from any or all of these requirements except for the certification requirement. The County has opted to exempt the PPO plans from HIPAA requirements. Our current plan provisions already provide for hospital admissions of at least 48 hours in the case of normal deliveries and 96 hours in the case of Cesarean Sections and will not be changed as a result of the exemption. A summary of current health plan benefits, copayments, and deductibles is included in this booklet and is not affected by this exemption option.

This exemption from these federal requirements will be in effect for the plan year beginning January 1, 2003, and ending December 31, 2003, and may be renewed for subsequent plan years. The County's HMO plans provided through CIGNA and Kaiser already comply with HIPAA.

## **Certification of County Group Health Plan Coverage**

HIPAA also requires the County to provide certification of coverage for plan participants whenever County health insurance coverage is terminated. This certification will provide evidence of County health insurance coverage and will show the period the subscriber and dependents were covered under the County health plan. If, after the County coverage terminates, a former health plan participant becomes covered under another group health plan that excludes coverage for pre-existing medical conditions, the former plan participant may be required to provide the HIPAA certification when enrolling in his or her new plan.

The HIPAA certification will be mailed by the Benefits Center to the last known address each time coverage is terminated from one of the County's health plans. More information will be included on the HIPAA certification at that time. Employees who are currently enrolled in a County health plan will not receive certification until coverage in one of the County health plans terminates.

## **Woman's Health and Cancer Rights Act of 1998**

Under the Woman's Health and Cancer Rights Act of 1998, you and your dependents' health plan will not restrict benefits if you or your dependent:

- Receives benefits for a mastectomy
- Elects breast reconstruction in connection with a mastectomy

Benefits will not be restricted provided that the breast reconstruction is in consultation with your or your dependent's physician and may include:

- Reconstruction of the breast on which the mastectomy was performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses and treatment of physical complications in all stages of mastectomy, including lymphedemas

Benefits for breast reconstruction may be subject to appropriate annual deductibles and coinsurance provisions that are consistent with those established for other benefits under the plan.

# HELPFUL INFORMATION

You can find answers to most of your questions about benefits and enrollment by contacting the County of Orange Benefits Center. If you need additional information after contacting the Benefits Center, you can contact the plans directly.

The information in this enrollment guide is only an overview of employee benefit plans available to you. The plan documents and insurance policies for each plan provide the detailed, legal information about your coverage. If there is any difference between this guide and the plan documents or insurance policies, the plan documents and insurance policies will govern.
